Hello,

My name is Jeff Delmar and I am a registered voter in Alameda County, California, 94544.

I am calling in support of the current net neutrality laws and keeping ISP's classified under Title 2.
I believe in the American principle of equality for all and allowing ISP's to sell priority access to the internet is an attack on individual citizens in favor of big business interests.
Please leave the current laws alone! Protect the individual citizens that make up this great country.

Thank you very much.
